

# Prajwal Mutalik

+919113969530 — prajwalmutalik8@gmail.com — LinkedIn — Github

**Objective** — Aspiring Software Engineer with a strong foundation in programming, algorithms, and full-stack web development. Skilled in building web applications and solving real-world coding challenges. Looking to apply technical expertise to impactful projects while gaining practical experience through collaborative development and mentorship.

## Skills

Languages	C/C++ , Python, Java, HTML/CSS/Js
Core Skills	Data structures, Algorithms, PERN stack
Operating Systems	Windows, Ubuntu, macOS
Tools	Git/GitHub, Postman, Visual Studio Code
Frameworks & Technologies	React.js, Node.js, Express.js, RESTful APIs

## Experience

### CodeX - Core member

Jun 2023- Jan 2024

Core-Member

- Led and participated in coding contests, improving efficiency in algorithms and data structures.
- Organized technical workshops and hackathons, managing logistics and engaging participants.

### AWS Cloud Virtual Internship

Sep 2023 - Nov 2023

- gained hands-on experience with Amazon Web Services (AWS), including core services such as EC2, S3, and RDS.
- Worked on cloud computing fundamentals, covering virtualization, cloud storage, and networking.

## Projects

1. **Portfolio** - created my first portfolio with beginner skills [link](#)
2. **Medicine Predictor** - a Machine learning-based system predicting diseases and recommending treatments based on symptoms. Utilized Python and scikit-learn. [link](#)
3. **Weather Forecast** - Weather Forecast App: Built a responsive weather app using React.js and OpenWeatherMap API. [link](#)
4. **Drum kit** - drum kit using vanilla code (HTML/CSS/Js) [link](#)

## Achievements and Participation

1. **Web development Workshop** - Organized and conducted a workshop on web development for students, teaching key concepts in front-end and back-end development. Guided participants through hands-on projects, improving their web development skills.
2. **Competitive programming contest** - Hosted a coding contest, designed problem sets, and developed test cases for competitive programming challenges. Gained experience in framing algorithmic problems and evaluating participants' solutions.
3. **Hackathons** - Participated in Internal Smart India Hackathon and university level hackathons

## Certifications

**Web Development Bootcamp - UDEMY** - Full-stack web development with the PERN stack.

Certification Code: UC-521354d6-11e6-41b4-874d-9c5193fda660 • [link](#)

**Data Structures and Algorithms - LearnYard** Gained strong proficiency in solving complex problems using efficient data structures and algorithms • Certification: [link](#).

**ServiceNow Flow Designer Micro-Certification – ServiceNow**

Hands-on experience designing and automating workflows using Flow Designer.

**ServiceNow UI Builder Micro-Certification – ServiceNow**

Gained practical skills in building and customizing user interfaces within the Now Platform.

## Key Competencies

Logical reasoning and data-driven decision-making • Experience working in Agile teams with sprint planning and collaborative development • Clear and professional written and verbal communication • Time Management and Adaptability

## Languages

Kannada (Native) • English (Fluent) • Hindi (Fluent)
